**Events:** True Revival has played multiple festivals ranging from being the opening act to headlining. Set list can be adjusted to the festival or event based on time allotment.

## Short Bio

True Revival is about performing original songs and a few enhanced old hymns in a rock format. The purpose is to glorify our Savior and to help others focus on his promises and grace. Although the recorded music is great, it really comes to life when you see True Revival live. Psalms 150 is called the musicians Psalms and True Revival embraces and exemplifies this passage of scripture.

We have vocal mic and stand if needed.
